FSSC 22000 V6 – Changes Are Coming!

FSSC 22000 Version 6 has been released, bringing meaningful changes to enhance the effectiveness and usefulness of the food safety standard. Key changes include revised certification process requirements, a QR code for traceability, inclusion of food safety and quality culture requirements, and expanded scope to include Trading and Brokering. The transition timeline allows a 12-month window, with audits beginning from April 1, 2024, and upgrade audits to be completed by March 31, 2025. PJR offers support during the transition and welcomes inquiries for first-time certification or transition preparation. ♦

What Is 50001 And How Can It Benefit My Business?

ISO 50001 provides a practical framework for developing an Energy Management System (EnMS) based on the model of continual improvement used in other well-known ISO standards. By adopting ISO 50001, businesses can identify energy-saving opportunities, set energy objectives, and systematically monitor and manage energy usage. This proactive approach helps reduce greenhouse gas emissions, enhance sustainability, and comply with energy-related regulations. Learn more about how implementing ISO 50001 can result in significant energy savings and contribute to long-term business success here. ♦

Seeking 27701 Witness Audit Candidate

Attention ISO/IEC 27001:2013 Clients:

PJR is currently looking for an ISO/IEC 27001:2013 certified customer as an ISO 27701 (PIMS) witness audit candidate. If you are a current ISMS client looking to add ISO 27701 (PIMS), reach out to PJR today by email at pjr@pjr.com. ♦

Client Spotlight: iFixYouri

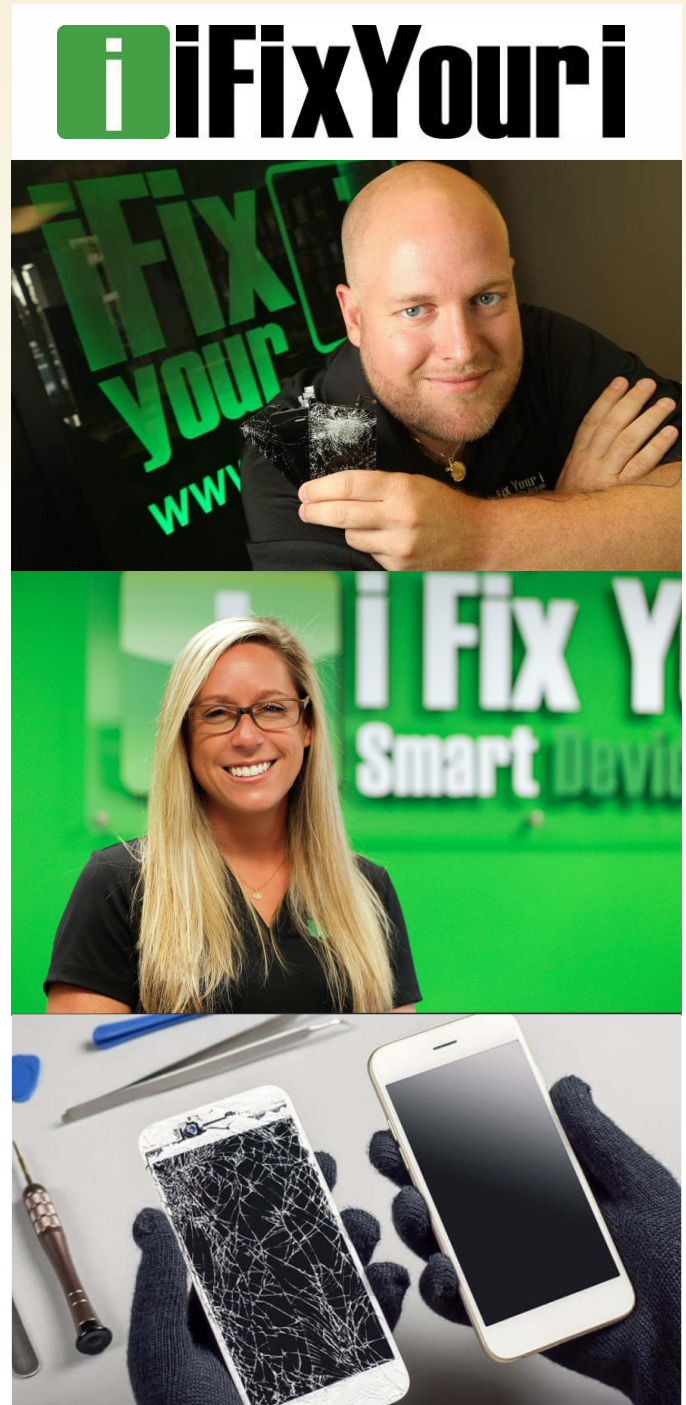

Operating primarily from a single depot in Palm Beach Gardens, Florida, iFixYouri provides comprehensive repair services to a diverse range of clients, including schools and enterprise organizations. "We leverage our custom-built software to effectively manage and support our clients' devices." says Chris Johncke, the company's CEO & President. "Our services are tailored to ensure efficient and reliable device management."

iFixYouri has established a valuable partnership with PJR, validating the knowledge base of iFixYouri's technicians. Among these certifications are R2v3, ISO 45001, ISO 9001, and ISO 14001. These audits have strengthened iFixYouri's operational effectiveness and service delivery, after over 14 years in the repair space. Looking to the future, Chris Johncke plans to grow the business around the core areas of device repair and management.

Transparency and high ethical standards are foundational to their operations, fostering sustained growth and success. iFixYouri is dedicated to exceeding customer expectations, driven by honesty, integrity, and a commitment to quality.

To learn more about iFixYouri, visit their website at www.ifixyouri.com.

For more information about ISO certification or working with PJR, call **(248) 358-3388** or go to www.pjr.com. ♦

IAOB Sponsorship Of Initial Certification Of Small Suppliers

The IAOB is announcing a sponsorship program where the IAOB will sponsor a limited number of small suppliers to become certified to IATF 16949. For more information check out the following link: www.pjr.com/downloads/Small-Supplier.pdf. ♦

Robert “Bob” Ripley: In Memoriam

On June 25th, 2023, Bob Ripley sadly passed away. He was one of our very first auditors, Bob started with PJR in April of 1994. Earlier in his career, Robert served as the Senior Supplier Quality Engineer for Union Electric Co. and as a Pre-production Manager for Crane Midwest Fittings. He resided in Collinsville, IL and was an ISO 9001 Lead Auditor. Bob had a long track record of being one of our highest-rated auditors and always conducted himself with tremendous professionalism. He will be missed by clients and colleagues alike.

“Bob always had a positive attitude and brought joy to his work. He'll be missed by many.”

Crystal Reardon, Strategic Account Manager

“Bob was a wonderful man and would send me memes all the time. I really enjoyed speaking with him and will miss him terribly!”

Kayla Button, Audit Program Coordinator

“He was very reliable, and our clients loved him. He audited many of his clients for well over 10 years.”

Connie Carr, Audit Program Coordinator

“I worked with Bob Ripley off and on for the past 7 years. He has a great sense of humor and sent us some well thought out holiday cards over the years. He always brought a smile to my face. He will be greatly missed by many including his clients of many years. R.I.P. Bob.”

Kristin Grier, Lead Scheduling Support & Audit Program Coordinator

“We are all truly shocked and devastated at this news. I would just like to reiterate how much of a joy Bob was to work with, even if we only saw him once a year. He was so jolly! We are really going to miss him and I'm sorry that our new employees never got a chance to meet him. We will miss his audit insights and funny stories. We are so very sorry for this loss, and we are keeping his family and friends in our thoughts and prayers.”

Assaypro, St. Charles, MO ◆

CertCheck By UKAS

CertCheck, UKAS's online database of management system certifications, has completed its first year. With over 400,000 certifications from 250,000 certified entities, CertCheck allows organizations to verify the accredited status of their supply chain's management certifications and set alerts for changes. It has helped identify false claims of UKAS accreditation and counterfeit certifications, boosting trust in accredited certification. Signing up for **A Free CertCheck Account** offers increased search volumes and automated notifications for supplier certification changes, enhancing supplier management and quality assurance. ♦
